

A detailed map of a city block with a grid of streets. Overlaid on the map are thick, dark blue lines representing utility lines. The map includes various building footprints and labels for different types of buildings and facilities. The text "EASIER DIGGING? PLAN ON IT." is overlaid in large, bold, white letters at the bottom of the map.

**EASIER DIGGING?
PLAN ON IT.**

DESIGN AWAY FROM BURIED UTILITIES WITH OUR CONVENIENT NEW DESIGN TOOLS. 

NOW YOU CAN DESIGN WITH BURIED UTILITIES IN MIND.

STOP WASTING MONEY AND RESOURCES. MAKE EXCAVATION EASIER.

The new Indiana 811 Design Tools are here. Get information that helps you design away from buried utilities.

DESIGN TOOL INQUIRY

A great early step and starting point.

Best for initial project planning, when scope is being determined.

Must be completed online.

No restrictions on linear feet.

Informally exchanges planning information between you and member facility operators.

DESIGN TICKET

More specific and formal than a Design Tool Inquiry.

Works best after a Design Tool Inquiry has been submitted.

May be completed online or by phone.

Restricted by the same linear footage limits of a standard dig ticket.

Member facility operators have 10 full working days to respond.

 Keep in mind, you must still submit a traditional locate request before digging with care.
